

Athene

Traditional elegance

The Petrie Athene is a traditional 'Polo-model' riding boot. Which makes it suitable as a trainingboot and a competition boot. Also suitable for equestrians with slim legs. The zipper is positioned along the shinbone, which stops it coming into contact with your saddle during your ride and makes it easier to close. The buckle can be customized in gold or silver, with or without Swarovski rhinestones. All customization options are possible. So you can play around with different leather styles and stitching on the same boot.

Petrie Athene characteristics

- Traditional polo-model
- Zipper at the shinbone
- Custom buckles
- Contrast sole possible
- Available in standard and custom sizes
