

Dublin

Elegant allrounder

The Petrie Dublin is an elegant slim allround ridingboot with zipper at the back for extra comfort. The boot doesn't restrict you from bending the knees when jumping. This makes the Dublin extremely suitable for both jumping and dressage riders. The Dublin is available in standard colours like black, brown, cognac and blue, but also offers multiple design options in our Customize Your Boots application. The model is also available including an elastic insert along the zipper for a closer fit.

Petrie Dublin characteristics

- Allround fit
- Elastic along the zipper optional
- Strong and supple leather
